

Steps to Recovery Homes offers an approach to recovery that works. We have facilities for both men and women. The beauty of the Verde Valley is amazing and the community is supportive and welcoming. Our homes are clean and affordable. We are example driven, held to a level of high standards and ethical codes while being dedicated to raising the bar on recovery homes.

Steps to Recovery Homes
Founders - Anne & Damien Browning

Steps To Recovery Homes

was formed from a vision of hope that came to Anne and Damien. We knew that an individual suffering from addiction issues could find freedom if provided with the right tools and environment. We have personally been through our own struggles with addiction and behavior issues, changed our lives around, and became assets to our families and our communities. Our heartfelt decision to help others came with a commitment to build healthy relationships with the public, and work in cooperation to strengthen our communities. We help our clients learn to love themselves and to start helping others.

The assistance that we offer our clients is very beneficial. By setting an example, providing direction, and working on behaviors, we can lead the clients in our program to become productive, responsible members of their families and society. They can actually start living life.
